Memorandum No. 694

3 March 1945

To: Major Graham Erdworm, X-2, Caserta.

Subject: American Passport for Switzerland.

1. When Major Anthony was here, I asked him if it was possible to secure an American passport for an agent that we are planning to send on our Plan IVY to Switzerland.

2. Major Anthony stated that there would be some difficulty in obtaining it, but that the Swiss trip could be arranged in other manners.

3. We would prefer that such a passport be issued to our agent with an alias that corresponds closely to his actual name. This mission is part of one now in operation, the second part of which I am instituting at this moment in the north. I will be back in 4 or 5 days and would appreciate a word from you as to the means available for sending this Italian agent to Switzerland.

4. You will recall this part of Plan IVY was OK'd by 109. Therefore, we hope that it will be unnecessary to clear with officials in Switzerland. Furthermore, London believes it best that no contact be made between our agent and Swiss representatives.
